About EduFeedback

A modern platform empowering students to share honest feedback about their educational experience, driving continuous improvement in teaching and learning.

Anonymous Feedback

Share your experience openly — your voice is valued and helps shape better education.

Analytics Dashboard

Visual insights into feedback trends, ratings, and course performance over time.

Secure & Private

Enterprise-grade security with row-level policies ensuring data privacy.

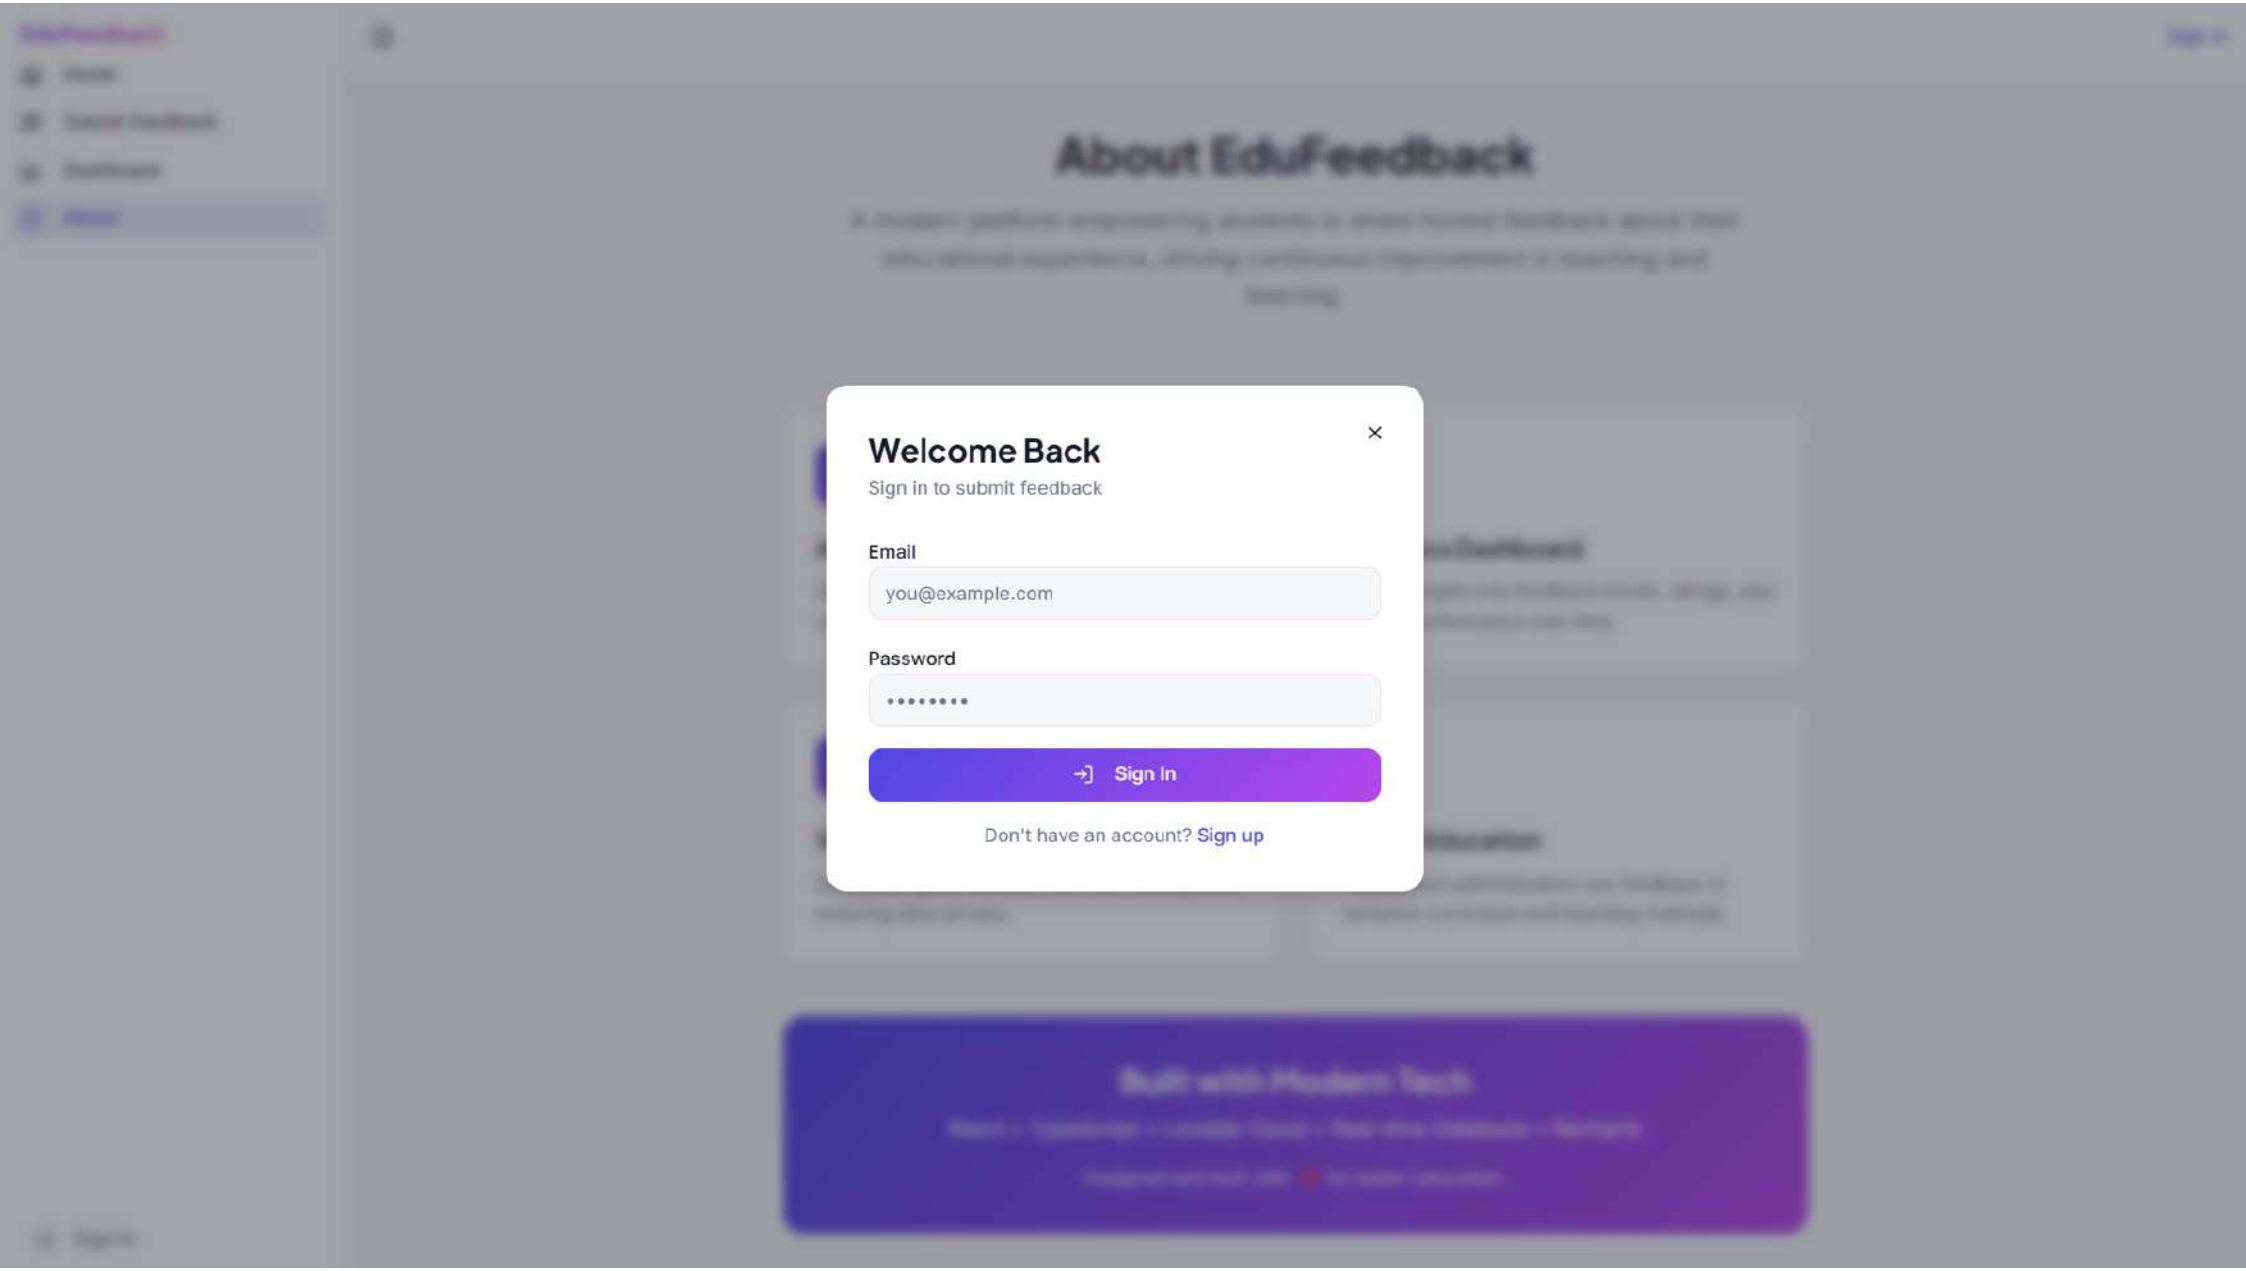

Better Education

Faculty and administrators use feedback to enhance curriculum and teaching methods.

Built with Modern Tech

React • TypeScript • Lovable Cloud • Real-time Database • Recharts

Designed and built with ❤ for better education.
